AE20 Universal plastic enclosure, white

www.boschsecurity.com

BOSCH
Invented for life

▶ Flexible design accommodates a number of input, output and receiver modules

▶ Supports modules with circuit boards with either through-hole or three-point mounting systems

▶ Mounts to multiple gang box types

The AE20 Enclosure's flexible design accommodates a number of input, output and receiver modules whose circuit boards have either through-hole or three-point mounting systems.
The enclosure can be mounted to a single gang/double gang box, a 9 cm (3.5 in.) octagonal box, or a 10 cm (4 in.) square box. It may also be surface mounted. The enclosure measures 12 cm x 16 cm x 4 cm (4.7 in. x 6.2 in. x 1.5 in.) and has provisions to accommodate wall tamper switches on the modules.

Parts included

Quantity	Component
1	Enclosure
1	Hardware pack
1	Installation manual

Technical specifications

Dimensions	120 mm x 160 mm x 40 mm (4.7 in x 6.2 in x 1.5 in)
